

MV Kelly Ltd Environmental Policy Statement

This statement of MV Kelly Ltd Environmental Policy is to be displayed, or made available, at all MV Kelly Ltd offices and construction sites.

The Board of Directors will define the organisation's environmental policy and ensure that its Environmental Management System will:

- Be appropriate to the nature, scale and environmental impacts of its activities, products and services.
- Include a commitment to continual improvement and prevention of pollution
- Include a commitment to comply with applicable legal requirements and with other requirements to which the organisation subscribes.
- Provide framework for setting and reviewing environmental objectives and targets
- Be documented
- Be communicated to all the company's staff and sub-contractors

The company will endeavor to encourage our suppliers in matters affecting its environmental policy to comply with the ISO 14001 standard, statutory and regulatory requirements and prevailing duties of care.

Where possible, the company will seek to influence customers in design matters impacting on its environmental policy.

In both supply chain and customer interfaces the company will play its part as appropriate in the safe disposal of waste, either by means of the principal contractor or by the regulations determined by local authorities.

The company intends to train all staff in EMS procedures to ensure competence in this area.

The company will monitor its EMS performance to ensure continual improvement.

Signed on Behalf of the Board of Directors

Steve Sargent (SHE Director)
